**USAGE OF BLOOD GAS MACHINE IN PGH BADULLA**

During past one month we have observe and analyze performance of our Blood gas machines. From the data we have observed some of our Blood Gas machines underutilized due to lack of samples.

Therefore, for the better utilization of Blood Gas Machines we have organize dedicated units for each Blood Gas Machine in our hospital. Allocated wards/ units for each Blood Gas Machine listed below.

<b>Blood Gas Machine</b>	<b>Allocated Ward/ Unit</b>
SICU	Ward 8, Ward 9, Ward 10, Ward 11, Ward 12 Ward 13, Ward 26/27, OT A.
MICU	Ward 15, Ward 16, Ward 20/21, Ward 28/29, Ward 30, Ward 31, OT C
PBU	Ward 3, Ward 4, Ward 7, Ward 22, Ward 23, OT B, Dialysis Unit
ETU	Ward 1, Ward 2, Ward 17, Ward 18, Ward 19, CCU, Ward 25, Oncology, Onco surgery, Psychiatric

- With each sample request form should be sent with Name, Age, BHT, Ward & Time.
- All the units with blood gas machine should maintain a register with above details.
- Send your Blood Gas samples to allocated Blood Gas Machines as much as possible in future.

Your corporation in this regard highly appreciated.

Thank You.

Director,  
PGH Badulla.
